

Landing Page for Small Business

Starter Offer

Viktor Rura

Freelance Fullstack Developer - Irish Midlands, Ireland

viktor.rura89@gmail.com | +353 87 196 0859

Stack: Next.js, forms, Resend, Vercel, analytics (GA4 or agreed alternative)

I build a fast, mobile-friendly one-page site with a contact form, email notifications, and deployment. You keep your domain; you own the content you provide.

WHAT YOU GET

- One responsive page - up to 6 sections (hero, about, services, testimonials, FAQ, contact) agreed in writing
- Contact form: basic spam protection + email notifications to your inbox
- Auto-reply confirmation to whoever submits the form
- Submissions stored in a database with a password-protected list view - enquiry backup, not a CMS
- Privacy Policy page (template text - you confirm it suits your business)
- Basic SEO: title tag, meta description, social preview image
- Analytics: GA4 (free) or an alternative agreed before build; paid tools confirmed in writing first
- Deploy + HTTPS + ~30 min handover call
- One revision round - all feedback in one email, one implementation pass

OUT OF SCOPE (THIS OFFER)

- CMS / blog - e-commerce - booking engine - multi-language
- Copywriting - logo / brand design - photography
- Ongoing content updates after handover (monthly retainer - ask)

WHAT YOU PROVIDE

- All copy, logo (SVG or high-res PNG), colours (hex), images
- One approver within ~2 business days
- Domain in your name (DNS-ready for go-live)

CHANGES & SCOPE

- Anything not under "What you get" is extra - quoted in writing first.
- Verbal requests are not in scope until confirmed by email.

VAT / TAX (IRELAND)

Fees in EUR. VAT on invoice per registration status. Tell me before payment if your accountant needs a specific format.

TIMELINE

~7-10 working days after content + deposit. Both required to start. Your delays pause the schedule.

INVESTMENT

EUR 650 - fixed fee (scope above only)

To start (50%): EUR 325 | Before go-live (50%): EUR 325

Payment: SEPA. Invoice with bank details.

NEXT STEP

1. 15-minute call -> 2. Full brief + terms for signature -> 3. Deposit -> 4. Build
